Trends and Items of Note

- On November 21, 2011, the Company announced that its board of directors had designated a committee consisting of all of its non-management directors to continue the previously announced evaluation of a potential consolidation transaction in which the Company, Apple REIT Seven, Inc., Apple REIT Eight, Inc. and Apple REIT Nine, Inc. would be combined. The review will include, among other things, an evaluation of potential exchange ratios to effectuate such a combination. It is likely that the ratios will vary by company and may include ratios of less than one to one. Any such consolidation transaction could also include a listing of the stock of the combined enterprise for trading on a national exchange at the time of such combination or at a future date.
- On June 20, 2011, two shareholders of the Apple REIT Companies filed a putative class action captioned Kronberg et al. v. David Lerner Associates Inc., et al, Case No. 2:11-cv-03558, in the United States District Court for the District of New Jersey against David Lerner Associates, Inc. and certain of its officers, and the Apple REIT Companies and Glade M. Knight. The complaint was amended on October 10, 2011. The amended complaint did not name the Company.
- The Company's year to date MFFO payout ratio has dropped to 85% as of September 30, 2011, compared to 110% for the year ending 2010.
- The Company reported YTD 2011 MFFO and Blue Vault Partners did not identify additional adjustments.
- See additional notes on page 67 for information regarding the source of distributions.
